Early Journal Content on JSTOR, Free to Anyone in the World

This article is one of nearly 500,000 scholarly works digitized and made freely available to everyone in the world by JSTOR.

Known as the Early Journal Content, this set of works include research articles, news, letters, and other writings published in more than 200 of the oldest leading academic journals. The works date from the mid-seventeenth to the early twentieth centuries.

We encourage people to read and share the Early Journal Content openly and to tell others that this resource exists. People may post this content online or redistribute in any way for non-commercial purposes.

Read more about Early Journal Content at http://about.jstor.org/participate-jstor/individuals/early-journal-content.

JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact support@jstor.org.

ECOLOGY

ALL FORMS OF LIFE IN RELATION TO ENVIRONMENT

OFFICIAL PUBLICATION OF THE
ECOLOGICAL SOCIETY OF AMERICA
CONTINUING THE PLANT WORLD

VOLUME III, 1922
WITH SIXTY-THREE TEXT FIGURES

PUBLISHED QUARTERLY
IN COOPERATION WITH THE ECOLOGICAL SOCIETY OF AMERICA
AT PRINCE AND LEMON STREETS, LANCASTER, PA.
BY THE
BROOKLYN BOTANIC GARDEN
BROOKLYN, N. Y.

PRESS OF
THE NEW ERA PRINTING COMPANY
LANCASTER, PA.

TABLE OF CONTENTS, VOLUME III, 1922

City street dust and infectious diseases. JACQUES W. REDWAY..... 1
The ecological life history of certain species of Ribes and its application to the control of the white pine blister rust (with three figures). WILLIAM S. COOPER..... 7
The sunflower and its insect visitors. CHARLES ROBERTSON..... 17
The fauna of an acid stream (with one figure). MINNA E. JEWELL.... 22
Some factors affecting the distribution of the prairie vole, forest deer mouse, and prairie deer mouse (with one figure). LEE R. DICE..... 26
Ecological features of Great Bay, New Hampshire, and a preliminary check list of its fish. C. F. JACKSON..... 48
The seasonal distribution of the Appendicularia in the region of San Diego, California (with three figures). CHRISTINE E. ESSENBERG.. 55
Influence of certain soil factors on the growth of tree seedlings and wheat (with six figures). BARRINGTON MOORE..... 65
The humanizing of ecology. STEPHEN A. FORBES..... 89
Variation in fresh-water mussels (with six figures). GORDON H. BALL. 93
The significance of the gregarious habit. ROBERT C. MILLER..... 122
The relation of climate to the geographic distribution of crops in the United States. J. B. KINCER..... 127
Varietal differences in the resistance of cabbage and lettuce to low temperatures (with six figures). R. B. HARVEY..... 134
Observations of surface distribution of marine diatoms between San Diego and Seattle (with one figure). W. E. ALLEN..... 140
Variation in the dog whelk, Thais (Purpura auct.) lapillus (with six figures). HAROLD S. COLTON..... 146
On the relation between species and area. H. A. GLEASON..... 158
The probable effect of the climate of the Russian Far East on human life and activity (with two figures). STANISLAUS NOVAKOVSKY... 181
The formation of a new island in the Mississippi River (with two figures). CHAS. A. SHULL..... 202
A bog forest (with two figures). GEORGE B. RIGG..... 207
A distributional and ecological study of Mount Rainier, Washington (with four figures). W. P. TAYLOR..... 214
Relation of hardpan to root penetration on the Great Plains (with five figures). J. E. WEAVER AND JOHN W. CRIST..... 237

The relation of the nymph of a dragonfly, Libellula pulchella Drury, to acid and temperature. FENNER STICKNEY..... 250
An ecological note on the birds observed at the biological station of the University of Manitoba. WILLIAM ROWAN..... 255
Conditions indirectly affecting vertical distribution on desert mountains (with two figures). FORREST SHREVE..... 269
The effect of climate on the efficiency of the people of the Russian Far East. STANISLAUS NOVAKOVSKY..... 275
Preservation of natural areas in the National Forests. G. A. PEARSON.. 284
The reciprocal relation of soil and insects. J. W. MCCOLLOCH AND W. P. HAYES..... 288
Effect of removal of the virgin white pine stand upon the physical factors of site (with two figures). J. A. LARSEN..... 302
A quantitative and seasonal study of a pine dune animal community (with three figures). N. J. SANDERS AND V. E. SHELFORD..... 306
The sphagnum bogs of Mazama Dome (with one figure). GEORGE B. RIGG..... 321
The ecological relationships of the Odonata of the Bass Islands of Lake Erie (with seven figures). C. H. KENNEDY..... 325
Reviews..... 163, 261, 262, 337, 339, 340
Proceedings..... 166
Zoological Abstracts..... 84, 177, 267, 346
Notes and Comment..... 86, 180, 267, 346

DATES OF PUBLICATION

No. 1, March 14; No. 2, May 18; No. 3, September 18; No. 4, December 16.

ERRATA

Page 211, omit the thirteenth line from the bottom of the page, which reads "shallow margin of the lake is being slowly filled by the growth of these three."

INDEX OF ECOLOGY, VOLUME III

Abstracts, Zoological, 84, 177, 267, 346
Acid Stream, The fauna of, 22
Acid and temperature, Relation of a nymph of a dragon fly to, 250
Acidity equivalents, 346
Adaptation, 22, 93, 134, 146, 181, 275, 288, 325
Alkalinity, specific, 346
Allen, W. E., article, 140
All Year National Park, 267
Altitude, conditions indirectly affecting, on desert mountains, 269
Animal Community, A quantitative and seasonal study of, 306
Animal habitats, Missoula, Montana, 86
Anthropo-ecological research, institute for, 348
Appendicularia in the region of San Diego, California, The seasonal distribution of, 55
Associations of different species, Method for expressing, review, 163

Baker, F. C., review, 339
Ball, Gordon H., article, 93
Bass Islands of Lake Erie, The ecological relationships of the Odonata of, 325
Birds at the biological station of the University of Manitoba, 255
Blister Rust, The ecological life history of certain species of Ribes and its application to the control of, 7
Bog forest, 207
Bogs of Mazama Dome, 321

Cabbage and lettuce, Resistance of, to low temperatures, 134
Calvert, Philip P., review, 163
Check list, Preliminary, of fish of Great Bay, New Hampshire, 48
City street dust and infectious diseases, 1
Classification of soil moisture, review, 262
Climate of the Russian Far East, Probable effect of, on human life, 181, on human efficiency, 275
Climate, Relation of, to the geographic distribution of crops in the United States, 127
Community, Animal, A quantitative and seasonal study of, 306
Conditions indirectly affecting vertical distribution on desert mountains, 269
Control of the white pine blister rust, 7
Cooper, William S., article, 7
Crist, John W., article, 237
Crops in the United States, Relation of climate to, 127

Deer Mouse, Some factors affecting the distribution of, 26
Diatoms between San Diego and Seattle, 140
Dice, Lee R., 26
Differences, Varietal, in the resistance of cabbage and lettuce to low temperatures, 134
Distribution, Seasonal, of Appendicularia in the region of San Diego, Cal., 55, Crops, geographic, in relation to climate, 127, Marine diatoms between San Diego and Seattle, 140, vertical, conditions affecting, on desert mountains, 269.
Distributional and ecological study of Mt. Ranier, Washington, 214
Dog whelk, Variation in, 146
Dragon fly, relation of nymph, to acid and temperature, 250
Dune animal community, A quantitative and seasonal study of, 306
Dust and infectious diseases, 1

Earthworms and soil reaction, 347
Ecology, Humanizing of, 89
Ecological features of Great Bay, New Hampshire, 48
Ecological life history of Ribes, and control of white pine blister rust, 7
Ecological notes on birds, Manitoba, 255
Ecological relations of Odonata, 325
Ecological Society, 87, 166, 180, 267
Ecological study of Mt. Ranier, 214
Essenberg, Christine E., article, 55
Evaporation, 26, 127, 269, 302, 306
Evolution of Long Island, review, 261

Factors affecting the distribution of the prairie vole, 26
Fauna of an acid stream, 22
Fish, preliminary check list, ecological features of Great Bay, New Hampshire, 48
Forbes, Stephen A., article, 89
Forest, A bog, 207, on desert mountains, 269, influences, 302, on Mt. Ranier, 214, succession and blister rust, 7
Forests, National, Preservation of natural areas in, 284
Formation of a new island in the Mississippi River, 202
Fresh-water mussels, Variation of, 93
Frost, 134

Gastropod, marine, habitat of, 347
Geographic distribution of crops in the United States, Relation of climate to, 127
Gleason, H. A., article, 158, review, 340
Great Plains, Relation of hardpan to root penetration, 237
Gregarious habit, Significance of, 122
Growth of tree seedlings and wheat, Influence of certain soil factors on, 65

Hardpan, relation of, to root penetration in the Great Plains, 237
Harvey, R. B., article, 134
Hayes, W. P., article, 288
History of certain species of Ribes, Ecological life, 7
Human ecology, 181, 275, institute for research in, 348
Human life and activity, Probable effect of climate of Russian Far East, 181, human efficiency, 275
Humanizing of ecology, 89

Infectious diseases, City street dust and, 1
Influence of certain soil factors on the growth of tree seedlings and wheat, 65
Insect visitors, The sunflower and its, 17

Jackson, C. F., article, 48
Jewell, Minna E., article, 22.

Kennedy, C. H., article, 325
Kincer, J. B., article, 127

Larsen, J. A., article, 302
Light intensity, reaction of coffee leaf-miner to, 86
Low temperatures, varietal differences in resistance of cabbage and lettuce, 134

Marine diatoms between San Diego and Seattle, Observations of surface distribution, 140
Mazama Dome, Sphagnum bogs of, 321
Meetings, Ecological Society, 166, 180
Meteorology, The new (McAdie), review, 337
Method for expressing the associations of different species, review, 163
Miller, Robert C., article, 122
Missoula, Montana, animal habitats, 86
Moisture, 26, 127, 181, 207, 214, 237, 269, 275, 302, 321
Moore, Barrington, article, 65, review, 262, note, 347
Mouse, forest deer, prairie deer, Some factors affecting the distribution of, 26
Mussels, fresh-water, Variation of, 93
McColloch, J. W., article, 288

National Forests, natural areas in, 284
National Parks, 267
New island in the Mississippi River, Formation of, 202
Notes and comment, 86, 180, 267, 346
Novakovsky, Stanislaus, articles, 181, 275
Nymph of a dragon fly, relation of, to acid and temperature, 250

Observations of surface distribution of marine diatoms between San Diego and Seattle, 140
Odonata of the Bass Islands of Lake Erie, Ecological relationships of, 325

Pearson, G. A., article, 284
Penetration, root, in the Great Plains, Relation of hardpan to, 237
Pine, virgin white, Effect of removal upon the physical factors of site, 302
Pine, blister rust, white, Ecological life history of certain species of Ribes and its application to control of, 7
Preservation of natural areas in the National Forests, 284
Proceedings, Ecological Society, 166

Purple sea snail (dog whelk), *Thais lapillus,* variation in, 146

Redway, Jacques W., article, 1, review, 337
Relation between species and area, 158
Resistance of cabbage and lettuce to low temperature, varietal differences in, 134
Rigg, George B., articles, 207, 321
Robertson, Charles, article, 17
Roosevelt-Sequoia National Park, 267
Root penetration in the Great Plains, relation of hardpan to, 237
Rowan, William, article, 255
Russian Far East, Probable effect of climate on human life and activity, 181, on human efficiency, 275

Sanders, N. J., article, 306
Seasonal study of a pine dune animal community, A quantitative and, 306
Seasonal distribution of the Appendicularia in the region of San Diego, California, 55
Seedlings, tree, and wheat, influence of certain soil factors on the growth of, 65
Shreve, Forrest, article, 269
Shull, Chas. A., article, 202
Shelford, V. E., article, 306
Society, Ecological, 87, 166
Soil moisture, A new classification of, review, 262 (see moisture)
Soil and insects, The reciprocal relation of, 288
Soil factors, Influence on the growth of tree seedlings and wheat, 65
Soil reaction and earthworms, 347, influence on tree seedlings and wheat, 65
Species and area, Relation between, 158
Specific acidity, 346
Stickney, Fenner, article, 250
Stream, acid, The fauna of, 22
Stream pollution studies, review, 339
Sunflower and its insect visitors, 17
Suface distribution of marine diatoms between San Diego and Seattle, Observations of, 140

Taylor, Norman, review, 261
Taylor, W. P., article, 214
Temperature, 26, 55, 127, 134, 140, 181, 214, 250, 269, 275, 302, 306, 347
Temperature and acid, Relation of nymph of a dragon fly to, 250
Temperatures, low, Varietal differences in resistance of cabbage and lettuce to, 134
Tree seedlings and wheat, Influence of certain soil factors on the growth of, 65
Tutira, review, 340

Variation of fresh-water mussels, 93
Variation in the dog whelk *Thais lapillus,* 146
Varietal differences in the resistance of cabbage and lettuce to low temperatures, 134
Vertical distribution on desert mountains, conditions indirectly affecting, 269
Virgin white pine stand, effect of removal upon the physical factors, 302
Vole, prairie, some factors affecting distribution of, 26

Washington, Mount Ranier, Distributional and ecological study of, 214
Weaver, J. E., article, 237
Wheat, tree seedlings, Influence of certain soil factors on the growth of, 65
Whelk, dog, Variation in, 146
White pine blister rust, 7
White pine stand, virgin, Effect of removal upon the physical factors of site, 302

Zoological abstract, 84, 177, 265, 342
